Kali Ma Necklace – wear good energy

This beautiful necklace is lovingly hand made with Swarovski crystals, and named after Kali the Hindu Goddess of liberation, and Ma meaning Divine Mother, Kali frees us from the illusion of the ego.

In wearing a Kali Ma necklace, one feels a strong connection to the Divine Feminine. The Kali Ma Necklace is a talisman designed to comfort and safeguard to your energy field.

The Kali Ma necklace is based on the principles of sacred geometry to protect, uplift and balance your energy field. The Swarovski crystals used are bi-cone shaped crystals, the upward pointing triangle represents the Sun, solar - the masculine principal and forces of creation. The downward pointing triangle represents the Moon, lunar - the feminine principal. The two triangles joined together represent the divine union of male and female forces of wisdom and love bringing forth creation.

The sacred geometry of the triangle represents the three planes of existence that influence and supply all energy – the Spiritual, Mental and Physical planes. Each delicate piece is hand made with conscious love to uplift, protect and support your energy.

Testimonial

"As I placed the Crystal necklace around my neck, I felt the most beautifully gentle energy encircle my body. I knew intuitively that it holds the frequency of the new energy coming onto the earth, now. And that by wearing it, the aura from the crystals would keep clear the frequency of energy that surrounded me, when wearing it. I knew also it would be a gift to wear while speaking and caring for other people."
